2. Rio Terrace Community League Preschool

The Rio Terrace Community League Preschool ("Preschool") is one of the programs of the Rio Terrace Community League ("League"). Therefore the League is legally responsible for the Preschool assets and liabilities.

The League has delegated the authority and responsibility for the operation of the Preschool to the members of the Preschool i.e., the parents of the children attending the Preschool and their elected executive, while retaining the right to make changes to such delegation of authority and responsibility.

The Preschool's finances are reviewed by two parents annually in October and a report is presented to the Board.

The Preschool fiscal period is aligned with the school year, from September 1 to August 31. It is therefore different from the League's fiscal year, from June 1 to May 31. The financial statements of the League and of the Preschool are therefore distinct. The un-audited financial details of the Preschool for the period June 1, 2023 through May 31, 2024, have been consolidated into the League's financial statements in order to provide a more comprehensive picture of the League's finances. These amounts have not been audited and are intended to be used for information purposes only.

The Preschool received no financial support from the League during the current fiscal year.

3. Note from the Auditors

The auditors believe that there appears to be a disconnect in recent years, including the financial year ended May 31, 2024, in the recording of Capital Assets purchased and accounting for those purchases in the Capital Fund. This disconnect may include a portion of the expenditures identified in the Financial Statements as Mold Remediation and their treatment as expense versus capital asset additions in the financial year ended May 31, 2023.

The auditors have committed to undertake a detailed review of this issue and report their results to the Board in time to take corrective action in the financial year ended May 31, 2025.
